Dear Shaul Shalvi,

The Economics & Business Ethics Committee (University of Amsterdam) received your request nr 20180710030701 to approve your project "Messages for trust".

We evaluated your proposed research in terms of potential impact of the research on the participants, the level and types of information and explanation provided to the participants at various stages of the research process, the team's expertise in conducting the proposed analyses and particularly in terms of restricted access to the data to guarantee optimal levels of anonymity to the participants.

The Ethics Committee approves of your request.

Best regards,

On behalf of the Ethics Committee Economics and Business,

Prof. Dr. J.H. Sonnemans

Chairman of the Committee
